Dear Subscriber:

ShadowStats is transitioning to a new website and communications system in the next week or so. We are optimistic that this will not adversely affect your ability to access the website or to receive our emails!

Any updates will be available on the DAILY UPDATE page of [www.shadowstats.com](http://www.shadowstats.com), and noted in pending regular Subscriber emails. In the event you experience any service interruptions, they should be brief.

If you currently do not receive the regular Subscriber emails, you should be. Please send a note to [shadowstats@hotmail.com](mailto:shadowstats@hotmail.com) and I shall make sure that is set up.

In the interim, please contact me directly at (707) 763-5786 or at [shadowstats@hotmail.com](mailto:shadowstats@hotmail.com), if you have any problems, questions or suggestions. Thank you again for your business.

Best wishes,

John
